# About Us

*Founded in 1975, Transportes CRUZ is a company specialized in refrigerated transport of goods by road. Our philosophy is based on the constant search for the highest quality, reliability and speed to earn our customers' trust.*

*Our track record of almost 40 years as a family business has equipped us with the expertise and know-how which is still key in providing our services.*

*We also boast a solid experienced team of highly qualified professionals who are always at the service of our clients.*

A PACCAR COMPANY

# Transport

*Our services focus on refrigerated road transport, both domestically and internationally.*

*Our desire to find the solutions best suited to our customers' needs at any given moment has led to our gradual process of expansion and internationalization. This has allowed us to build a portfolio of clients including multinational food businesses that continue trusting us for the reliability and guarantee of our services.*

*Transportes Cruz entrusts its mobility needs to AS24*

# Fleet

*We have a modern fleet of over 100 lorries (with a capacity for 33 Euro pallets), all adapted to the Euro 5 and Euro 6 standards, with the latest emissions technology to reduce pollution and ensure environmental friendliness.*

*The vehicles are equipped with the latest technology, enabling us to offer our services with maximum guarantees.*

*We also have our own premium-quality maintenance service, ensuring the perfect condition and operation of our fleet.*

# Logistics

*We have a cold logistics center at our facilities in Pamplona. This center has a controlled-temperature cold storage capacity for 6000 Euro pallets.*

*The platform offers high added-value additional services, such as stock management, order picking, cross docking, part-loads and capillary distribution to the point of sale.*

## Facilities

*Located in Pamplona and Noblejas (Toledo) and with over 10,000 m2, our facilities are equipped for a wide variety of services: diesel pump, laundry room, mechanic garage, loading and unloading docks, warehouses and offices.*
